

THE PIEDMONT SELECT

equity fund

Annual Report

March 31, 2016

This report and the financial statements contained herein are submitted for the general information of the shareholders of The Piedmont Select Equity Fund (the "Fund"). This report is not authorized for distribution to prospective investors in the Fund unless preceded or accompanied by an effective prospectus. Mutual fund shares are not deposits or obligations of, or guaranteed by, any depository institution. Shares are not insured by the FDIC, Federal Reserve Board or any other agency, and are subject to investment risks, including possible loss of principal amount invested. Neither the Fund nor the Fund's distributor is a bank.

The Piedmont Select Equity Fund

Letter to Shareholders

May 3, 2016

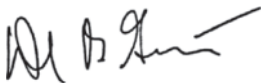

For the fiscal year ended March 31, 2016 the Piedmont Select Equity Fund (the "Fund") had a loss of 3.33% while the Fund's primary benchmark, the S&P 500 Index, had a gain of 1.78%. The loss was primarily related to the Fund's poor performance during the first three months of 2016 in which the Fund was down 3.85% and the benchmark was up 1.35%. One of the risks of a fund with a relatively concentrated portfolio is large gains or losses can affect overall performance disproportionately in the short term. At the fiscal year end the Fund had twenty-eight holdings. During the fiscal year, three of the larger holdings (Allergan plc, Express Scripts Holding Co., and ServiceNow, Inc.) had mid-term declines. However, the Fund's largest declines were in Tableau Software, down 77.64%, Canadian Natural Resources Ltd., down 26.62% and Chicago Bridge & Iron Company, down 23.35% during the fiscal year. We continue to analyze the circumstances surrounding each of these companies to determine what we can learn from their declines. At this point, we believe the declines are more company specific versus any fundamental issue with sector allocations or trading patterns of the noted decliners, the Fund continues to hold each of these companies, except for Canadian Natural Resources Ltd. and Tableau Software, Inc., which were sold, as we believe they will recover and provide good long term returns. We also want to point out that there seems to be no pattern regarding the length of the holding period as Allergan plc, in its various forms, and Express Scripts Holding Co. represent two of the Fund's longest term holdings and Tableau Software and ServiceNow, Inc. two of its shortest term holdings.

On a more positive note, the Fund did have some successes. A gain of 44.56% was recorded in Alphabet Inc. - Class C, 34.15% in Facebook, Inc. – Class A and 30.55% in NIKE, Inc. – Class B.

The Fund also has a larger than normal amount of cash, 13.3%, some of which resulted from our attempt to reduce the amount of capital gains the Fund will be required to distribute. As part of our strategy to reduce taxable gains, the Fund liquidated its entire holdings of CarMax Inc., Walt Disney Co., Walgreens Boots Alliance, Inc., Roche Holdings, A.G. and Expedition International of Washington and made partial sales in several other holdings. To offset these sales, the Fund has established new positions in Ford Motor Co., CVS Health Corp., E. I. DuPont de Nemours and Co., and Pfizer, Inc. We believe each of these companies provide good long-term investment opportunities for the Fund. In addition, we intend to put the Fund's remaining cash to work in the near term which may result in an increase to the Fund's portfolio turnover for upcoming fiscal year.

While we are very disappointed in the Fund's investment results for the fiscal year, we believe the companies it holds have excellent prospects which we believe will be reflected in results for subsequent years.

Sincerely,

David B. Gilbert

Past performance is not predictive of future performance. Investment results and principal value will fluctuate so that shares, when redeemed, may be worth more or less than their original cost. Current performance may be higher or lower than the performance data quoted. Performance data, current to the most recent month-end, are available by calling 1-888-859-5865.

An investor should consider the investment objectives, risks, charges and expenses of the Fund carefully before investing. The Fund's prospectus contains this and other important information. To obtain a copy of the Fund's prospectus please call 1-888-859-5865 and a copy will be sent to you free of charge or download a copy at www.piedmontselectequityfund.com. Please read the prospectus carefully before you invest. The Fund is distributed by Ultimus Fund Distributors, LLC.

The Letter to Shareholders seeks to describe some of the Adviser's current opinions and views of the financial markets. Although the Adviser believes it has a reasonable basis for any opinions or views expressed, actual results may differ, sometimes significantly so, from those expected or expressed.

Net assets at end of year (000's)	\$ 24,425	\$ 27,310	\$ 27,956	\$ 24,113	\$ 23,269
Ratios/supplementary data:					
Ratio of total expenses to average net assets	1.66%	1.67%	1.72%	1.82%	1.79%
Ratio of net expenses to average net assets ^(b)	1.35%	1.39% ^(c)	1.38% ^(c)	1.38% ^(c)	1.35%
Ratio of net investment loss to average net assets ^(b)	(0.34%)	(0.29%)	(0.37%)	(0.25%)	(0.21%)
Portfolio turnover rate	33%	13%	24%	43%	28%

^(a) Total return is a measure of the change in value of an investment in the Fund over the years covered, which assumes dividends or capital gains distributions, if any, are reinvested in shares of the Fund. The returns shown do not reflect the deduction of taxes a shareholder would pay on Fund distributions or the redemption of Fund shares.

^(b) Ratio was determined after advisory fee waivers (Note 5).

^(c) The ratio of net expenses to average net assets is greater than the expense limit of 1.35% due to dividend and brokerage expense on securities sold short and interest expense, if any (Note 5).

See accompanying notes to financial statements.

The Piedmont Select Equity Fund

Notes to Financial Statements

March 31, 2016

1. Organization

The Piedmont Select Equity Fund (the “Fund”) is a non-diversified series of The Piedmont Investment Trust (the “Trust”), which is organized as a Delaware Statutory Trust and is registered under the Investment Company Act of 1940 as an open-end management investment company. The Fund commenced the public offering of its shares on April 26, 2005.

The investment objective of the Fund is to provide long-term growth of capital.

2. Significant Accounting Policies

The following is a summary of the Fund’s significant accounting policies used in the preparation of its financial statements. These policies are in conformity with accounting principles generally accepted in the United States of America (“GAAP”). As an investment company, as defined in Financial Accounting Standards Board (“FASB”) Accounting Standards Update 2013-08, the Fund follows accounting and reporting guidance under FASB Accounting Standards Codification Topic 946, “Financial Services – Investment Companies.”

Securities Valuation — The valuation of portfolio securities is determined in accordance with procedures established by, and under the direction of, the Board of Trustees (the “Trustees”). In calculating the Fund’s net asset value, portfolio securities are generally calculated at market value using quotations from the primary market in which they are traded. The Fund normally uses pricing services to obtain market quotations. Securities and assets for which representative market quotations are not readily available or which cannot be accurately valued using the Fund’s normal pricing procedures are valued at fair value as determined in good faith under policies approved by the Trustees and will be classified as Level 2 or 3 within the fair value hierarchy (see below), depending on the inputs used. Fair value pricing may be used, for example, in situations where (i) a portfolio security, such as a mid-cap stock, is so thinly traded that there have been no transactions for that stock over an extended period of time; (ii) the exchange on which the portfolio security is principally traded closes early; or (iii) trading of the particular portfolio security is halted during the day and does not resume prior to the Fund’s net asset value calculation. Pursuant to policies adopted by the Trustees, the investment advisor is responsible for notifying the Trustees (or the Trust’s Fair Value Committee) when it believes that fair value pricing is required for a particular security. The Fund’s policies regarding fair value pricing are intended to result in a calculation of the Fund’s net asset value that fairly reflects portfolio security values as of the time of pricing. A portfolio security’s “fair value” price may differ from the price next available for that portfolio security using the Fund’s normal pricing procedures. The Fund may be unable to receive the portfolio security’s fair value if the Fund should sell the security. The Trustees monitor and evaluate the Fund’s use of fair value pricing and periodically review the results of any fair valuation under the Fund’s policies.

GAAP establishes a single authoritative definition of fair value, sets out a framework for measuring fair value and requires additional disclosures about fair value measurements.

The Piedmont Select Equity Fund

Notes to Financial Statements (Continued)

Various inputs are used in determining the value of the Fund's investments. These inputs are summarized in the three broad levels listed below:

- Level 1 – quoted prices in active markets for identical securities
- Level 2 – other significant observable inputs
- Level 3 – significant unobservable inputs

The inputs or methodology used for valuing securities are not necessarily an indication of the risks associated with investing in those securities. The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement.

The following is a summary of the inputs used to value the Fund's investments as of March 31, 2016:

	Level 1	Level 2	Level 3	Total
Common Stocks	\$ 21,158,553	\$ —	\$ —	\$ 21,158,553
Money Market Funds	3,246,756	—	—	3,246,756
Total	<u>\$ 24,405,309</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 24,405,309</u>

Refer to the Fund's Schedule of Investments for a listing of the common stocks by industry type. As of March 31, 2016, the Fund did not have any transfers into and out of any Level. In addition, the Fund did not have any derivative instruments or assets or liabilities that were measured at fair value on a recurring basis using significant unobservable inputs (Level 3) as of March 31, 2016. It is the Fund's policy to recognize transfers into and out of any Level at the end of the reporting period.

Share Valuation — The net asset value of the Fund's shares is calculated daily by dividing the total value of the Fund's assets, less liabilities, by the number of shares outstanding. The offering price and redemption price per share are equal to the net asset value per share.

Investment Transactions — Investment transactions are accounted for on trade date. Realized gains and losses on securities sold are determined on a specific identification basis, which is the same basis used for federal income tax purposes.

Investment Income — Dividend income is recorded on the ex-dividend date. Interest income is accrued as earned. Discounts and premiums on fixed income securities are amortized using the effective interest method. Withholding taxes on foreign dividends have been recorded in accordance with the Fund's understanding of the appropriate country's rules and tax rates.

Securities Sold Short — The Fund may sell securities short for economic hedging purposes. For financial statement purposes, an amount equal to the settlement amount is included on the Statement of Assets and Liabilities as an asset and an equivalent liability. The amount of the liability is subsequently marked-to-market to reflect the current value of the short position. Subsequent fluctuations in the market prices of securities sold, but

The Piedmont Select Equity Fund

Notes to Financial Statements (Continued)

not yet purchased, may require purchasing the securities at prices which may differ from the market value reflected on the Statement of Assets and Liabilities. The Fund is liable for any dividends payable on securities while those securities are in a short position. As collateral for its short positions, the Fund is required under the Investment Company Act of 1940 to maintain assets consisting of cash, cash equivalents or liquid securities. The amount of the collateral is required to be adjusted daily to reflect changes in the value of the securities sold short. The broker may charge interest if a specified portion of the collateral is not held in cash. During the year ended March 31, 2016, the Fund did not engage in short selling of securities.

Dividends and Distributions — Distributions to shareholders arising from net investment income and from net realized capital gains (if any) are declared and paid at least annually. The amount of distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These “book/tax” differences are either temporary or permanent in nature. Dividends and distributions are recorded on the ex-dividend date. The tax character of the Fund’s distributions paid during the years ended March 31, 2016 and March 31, 2015 was long-term capital gains.

Estimates — The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

3. Federal Income Tax

The Fund has qualified and intends to continue to qualify each year as a “regulated investment company” under Subchapter M of the Internal Revenue Code of 1986 (the “Code”). Qualification generally will relieve the Fund of liability for federal income taxes to the extent 100% of its net investment income and net realized capital gains are distributed in accordance with the Code. Accordingly, no provision for income taxes has been made.

In order to avoid imposition of the excise tax applicable to regulated investment companies, it is also the Fund’s intention to declare as dividends in each calendar year at least 98% of its net investment income (earned during the calendar year) and 98.2% of its net realized capital gains (earned during the twelve months ended October 31) plus undistributed amounts from prior years.

The following information is computed on a tax basis for each item as of March 31, 2016:

Cost of portfolio investments	\$ 16,839,736
Gross unrealized appreciation	\$ 7,650,754
Gross unrealized depreciation	(85,181)
Net unrealized appreciation	7,565,573
Undistributed long-term gains	1,480,932
Accumulated capital and other losses	(21,952)
Accumulated earnings	<u>\$ 9,024,553</u>

The Piedmont Select Equity Fund

Notes to Financial Statements (Continued)

Net qualified late year ordinary losses incurred after December 31, 2015 and within the taxable year are deemed to arise on the first day of the Fund's next taxable year. For the year ended March 31, 2016, the Fund intends to defer \$21,952 of qualified late year ordinary losses to April 1, 2016 for federal income tax purposes.

During the year ended March 31, 2016, the Fund reclassified \$95,474 of net investment loss against paid-in capital on the Statement of Assets and Liabilities. Such reclassification, the result of permanent differences between the financial statement and income tax reporting requirements, has no effect on the Fund's net assets or net asset value per share.

The Fund recognizes the tax benefits or expenses of uncertain tax positions only when the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has reviewed the Fund's tax positions taken on federal income tax returns for all open tax years (tax years ended March 31, 2013 through March 31, 2016) and has concluded that no provision for unrecognized tax benefits or expenses is required in these financial statements.

4. Investment Transactions

During the year ended March 31, 2016, cost of purchases and sales of investment securities, other than short-term investments and U.S. government securities, were \$8,195,970 and \$13,259,716, respectively.

5. Transactions with Related Parties

A Trustee and certain officers of the Trust are also officers of Sheets Smith Wealth Management, Inc. (the "Advisor") or of Ultimus Fund Solutions, LLC ("Ultimus"), the Fund's administrator, transfer agent and fund accounting agent, and Ultimus Fund Distributors, LLC (the "Distributor"), the Fund's principal underwriter.

INVESTMENT ADVISORY AGREEMENT

Under the terms of an Investment Advisory Agreement between the Trust and the Advisor, the Advisor serves as the investment advisor to the Fund. For its services, the Fund pays the Advisor an investment advisory fee, which is computed and accrued daily and paid monthly, at the annual rate of 0.90% of the Fund's average daily net assets.

The Advisor has entered into an Expense Limitation Agreement ("ELA") with the Fund under which it has agreed to waive its investment advisory fees and to assume other expenses of the Fund, if necessary, in order to limit the Fund's total operating expenses (exclusive of interest, taxes, brokerage commissions, extraordinary expenses, brokerage costs and transaction-related expenses, acquired fund fees and expenses, dividend expense on securities sold short and payments, if any, under a Rule 12b-1 Plan) to not more than 1.35% of the Fund's average daily net assets. This ELA is currently in effect until August 1, 2016 and may continue from year-to-year thereafter, provided such continuation is approved by the Trustees. Accordingly, during the year ended March 31, 2016, the Advisor waived investment advisory fees of \$81,031.

The Piedmont Select Equity Fund

Notes to Financial Statements (Continued)

COMPENSATION OF TRUSTEES

Trustees and officers affiliated with the Advisor or Ultimus are not compensated by the Fund for their services. Each Trustee who is not an affiliated person of the Advisor or Ultimus (an "Independent Trustee") receives from the Fund an annual retainer of \$3,000, paid quarterly, a fee of \$250 for attendance at each in-person meeting of the Trustees and a fee of \$150 for attendance at each telephonic meeting of the Trustees. The Fund reimburses each Trustee and officer for his or her travel and other expenses relating to attendance at Board or committee meetings.

OTHER SERVICE PROVIDERS

Ultimus provides fund administration, fund accounting, and transfer agency services to the Fund. The Fund pays Ultimus fees in accordance with the agreements for such services.

Pursuant to the terms of a Distribution Agreement with the Trust, the Distributor serves as the Fund's principal underwriter. The Distributor receives fees from the Fund for such services. The Distributor is an affiliate of Ultimus.

6. Contingencies and Commitments

The Fund indemnifies the Trust's officers and Trustees for certain liabilities that might arise from their performance of their duties to the Fund. Additionally, in the normal course of business the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnifications. The Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. However, based on experience, the Fund expects the risk of loss to be remote.

7. Subsequent Events

The Fund is required to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed as of the date of the Statement of Assets and Liabilities. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, the Fund is required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. Management has evaluated subsequent events through the issuance of these financial statements and has noted no such events.

The Piedmont Select Equity Fund

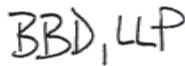

Report of Independent Registered Public Accounting Firm

To the Board of Trustees of Piedmont Investment Trust and the Shareholders of Piedmont Select Equity Fund

We have audited the accompanying statement of assets and liabilities of The Piedmont Select Equity Fund, a series of shares of beneficial interest in Piedmont Investment Trust, including the schedule of investments, as of March 31, 2016, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the years in the two-year period then ended and the financial highlights for each of the years in the five-year period then ended. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of March 31, 2016 by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of The Piedmont Select Equity Fund as of March 31, 2016, and the results of its operations for the year then ended, the changes in its net assets for each of the years in the two-year period then ended and its financial highlights for each of the years in the five-year period then ended, in conformity with accounting principles generally accepted in the United States of America.

The Piedmont Select Equity Fund

About Your Fund's Expenses (Unaudited)

We believe it is important for you to understand the impact of costs on your investment. All mutual funds have operating expenses. As a shareholder of the Fund, you incur ongoing costs, including management fees and other fund expenses. The following examples are intended to help you understand the ongoing costs (in dollars) of investing in the Fund and to compare these ongoing costs with the ongoing costs of investing in other mutual funds.

A mutual fund's ongoing costs are expressed as a percentage of its average net assets. This figure is known as the expense ratio. The expenses in the table below are based on an investment of \$1,000 made at the beginning of the period shown and held for the entire period (October 1, 2015 through March 31, 2016).

The table below illustrates the Fund's ongoing costs in two ways:

Actual fund return – This section helps you to estimate the actual expenses that you paid over the period. The “Ending Account Value” shown is derived from the Fund's actual return, and the third column shows the dollar amount of operating expenses that would have been paid by an investor who started with \$1,000 in the Fund. You may use the information here, together with the amount you invested, to estimate the expenses that you paid over the period.

To do so, simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number given for the Fund under the heading “Expenses Paid During Period.”

Hypothetical 5% return – This section is intended to help you compare the Fund's ongoing costs with those of other mutual funds. It assumes that the Fund had an annual return of 5% before expenses during the period shown, but that the expense ratio is unchanged. In this case, because the return used is not the Fund's actual return, the results do not apply to your investment. The example is useful in making comparisons because the SEC requires all mutual funds to calculate expenses based on a 5% return. You can assess the Fund's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other funds.

Note that expenses shown in the table are meant to highlight and help you compare ongoing costs only. The Fund does not impose any sales loads or redemption fees. The calculations assume no shares were bought or sold during the period. Your actual costs may have been higher or lower, depending on the amount of your investment and the timing of any purchases or redemptions.

About Your Fund's Expenses (Unaudited) (Continued)

More information about the Fund's expenses, including historical annual expense ratios, can be found in this report. For additional information on operating expenses and other shareholder costs, please refer to the Fund's prospectus.

	Beginning Account Value October 1, 2015	Ending Account Value March 31, 2016	Expenses Paid During Period*
Based on Actual Fund Return	\$1,000.00	\$1,014.40	\$6.80
Based on Hypothetical 5% Return (before expenses)	\$1,000.00	\$1,018.25	\$6.81

* Expenses are equal to the Fund's annualized expense ratio of 1.35% for the period, multiplied by the average account value over the period, multiplied by 183/366 (to reflect the one-half year period).

Other Information (Unaudited)

A description of the policies and procedures that the Fund uses to vote proxies relating to portfolio securities is available without charge upon request by calling toll-free 1-888-859-5865, or on the SEC's website at <http://www.sec.gov>. Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is also available without charge upon request by calling toll-free 1-888-859-5865, or on the SEC's website at <http://www.sec.gov>.

The Fund files a complete listing of portfolio holdings of the Fund with the SEC as of the end of the first and third quarters of each fiscal year on Form N-Q. The filings are available upon request, by calling 1-888-859-5865. Furthermore, you may obtain a copy of these filings on the SEC's website at <http://www.sec.gov>. The Fund's Forms N-Q may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC, and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

Federal Tax Information (Unaudited)

In accordance with federal tax requirements, the following provides shareholders with information concerning certain distributions from net realized gains made by the Fund during the year ended March 31, 2016. On December 31, 2015, the Fund declared and paid a long-term capital gain distribution of \$1.3005 per share. 100% of the long-term capital gain distribution may be subject to a maximum tax rate of 23.8%. As required by federal regulations, complete information was computed and reported in conjunction with your 2015 Form 1099-DIV.

The Piedmont Select Equity Fund

Board of Trustees and Executive Officers (Unaudited)

Overall responsibility for management of the Fund rests with the Board of Trustees. The Trustees serve during the lifetime of the Trust and until its termination, or until death, resignation, retirement or removal. The Trustees, in turn, elect the officers of the Trust to actively supervise its day-to-day operations. The officers have been elected for an annual term.

The following table provides information regarding each Trustee and executive officer of the Trust including their principal occupations during the past five years and public directorships held by the Trustees:

Name, Address and Year of Birth	Position(s) held with Trust	Length of Time Served	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustee	Other Directorships of Public Companies Held by Trustee

An investment in the Fund is subject to investment risks, including the possible loss of some or the entire principal amount invested. There can be no assurance that the Fund will be successful in meeting its investment objective. Investment in the Fund is also subject to the following risks: market risk, management style risk, sector risk, nondiversified fund risk, issuer risk, mid-cap risk, interest rate risk and credit risk. More information about these risks and other risks can be found in the Fund's prospectus.

The performance information quoted in this report represents past performance, which is not a guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.

An investor should consider the investment objectives, risks, and charges and expenses of the Fund carefully before investing. The prospectus contains this and other information about the Fund. A copy of the prospectus is available at www.piedmontselectfund.com or by calling Shareholder Services at 1-888-859-5865. The prospectus should be read carefully before investing.

Stated performance in the Fund was achieved at some or all points during the year by waiving or reimbursing part of the Fund's total expenses to ensure shareholders did not absorb expenses significantly greater than the industry norm.

This Annual Report was first distributed to shareholders on or about May 30, 2016.
